For the past 45 years, **thousands of clients** have entrusted their security system implementations to ASG. From Fortune 100 leaders and global corporations with implementations throughout the world to local municipalities and non-profit organizations, each of our clients began with the same question: "Why should I choose ASG?" The answer is simple: because **ASG does not just deliver a security system, we deliver a holistic security solution.** Our process allows us to succeed where others fail because we approach security as a professional discipline. We empower you through our subject matter expertise and approach every implementation with a single goal in mind: to be **your trusted security advisor.**

Whether you need to control access to sensitive areas, monitor your assets, increase operational efficiency through business systems intercommunication, or provide safety and security to your clients and employees here are just a few of the reasons **why you'll want to choose ASG:**

A HOLISTIC VIEW OF YOUR SECURITY SOLUTION

- Take advantage of an approach that is unique in the industry
- Link the goals of your security implementation with the vision and mission of your organization
- Anticipate and meet your needs for the future, while working within the confines of today

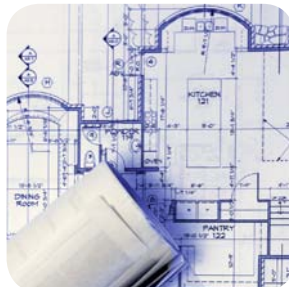

CLIENT CENTRIC FOCUS

- Know your integrator has taken the time to understand you and your vision for the future
- Create a master plan that takes into account your specific needs
- Never be presented a cookie-cutter solution

WORLD CLASS KNOWLEDGE & EXPERTISE

- Know the challenges organizations like yours face - and how to meet them
- Leverage the experiences of your peers and industry leaders
- Learn from subject matter experts covering major industries and solutions
- Use only the best, rigorously tested solutions

45 YEARS OF EXPERIENCE

- ASG has performed more than 100,000 successful implementations
- We are the premier independent integrator of enterprise security solutions
- Our employees are the most skilled and highly trained individuals in the industry
- We are ranked one of the top 25 Security Integrators in the United States

SOLUTION, NOT PRODUCT BASED APPROACH

- Understand where you are and how to get where you want to go
- See objective benchmarking of your industry's best practices and proven successes
- Receive strategic options based on the needs and goals of your organization

PROACTIVE CUSTOMER CARE

- Define success as your satisfaction with the security solution's performance
- Be guided, not pushed through every step of your implementation
- Ensure predictable and reliable performance of your security solution with our proactive care program - designed specifically to meet your needs
- Know your system will perform when you need it to - every time
